

U-Newhaven Makerspace  
Spring 2024

---

## A Letter from the Makerspace Coordinator:

Having joined the charger community this spring I've been blown away by the creativity and collaboration I've witnessed at the Makerspace.

This semester I've focused on engaging the wider U-Newhaven community through outreach. I've collaborated with professors and student groups to host classes & events, expanded the direct access students have to the space and created a makerspace website.
